F.No. 24-1/2020-4-A

Dated: 05.06.2023

CIRCULAR

Subject: Celebration of World Environment Day, 05th June 2023.

Man comes into contact with nature right from birth. Conservation of resources has an important role in protecting the nature of the Earth. The balance in the natural beauty of the earth can be established by preserving various components of nature water, air, soil, energy, vegetation, minerals, flora & fauna etc. Every year 05 June is celebrated as World Environment Day. The occasion aims to create awareness about the need to preserve the environment and natural resources in order to keep the world healthy.

The official of the ICSSR also pledge to protect our natural resources by adopting the following measures:

- Cut down on what we throw away by following the 3 R's- Reduce, Reuse & Recycle.
- Switching off the lights when it is not required.
- Preserving the water by water conservation.
- Avoid Food wastage at every level – promote serving of small portions.
- Plantation of trees in our surroundings.
- Turn off the ignition of the vehicles at red lights and using of public transport instead of using our own vehicles or use bicycle.
- Setting up composting centres for making compost out of dried leaves/ waste food / organic waste to be utilized as manure.
- Buy less plastic and bring reusable bags next time when you go for shopping.

Apart from the above, a plantation drive is being organized at ICSSR on 09th June, 2023 in order to make a greener and beautiful campus. All staff members are requested to adopt the above measures in their daily life and contribute towards making this world a beautiful place.

(Ashish Deolia)
Administrative Officer
